

Dead Animal Cart

Roar-twrecked pig truck -- simple, manual zinc plating

Product code	001
Specification code	00115
Primary category	Farm Transport and Handling Equipment
Secondary category	Animal Carcass Transport Carts

This dead-stock transport cart is designed for short-distance farm transport and handling in pig farms, livestock farms. It uses galvanized finish construction or components suited to routine farm use.

Features

- Material: galvanized finish.
- Corrosion-resistant construction is suited to humid livestock environments.
- Purpose-built structure for routine use as a dead-stock transport cart.
- Simple construction supports convenient installation, operation and maintenance.

Advantages

- Improves day-to-day operating efficiency.
- Simple maintenance helps lower routine service requirements.
- No external electrical power is required for normal operation.

Description

Suitable for routine use in pig houses. Inspect the frame, wheels and load-bearing parts before use, load the unit evenly and avoid exceeding the selected model's rated capacity. Clean and disinfect the equipment after use where required.
