| Specification code | 0012                                  |
| Primary category   | Farm Transport and Handling Equipment |
| Secondary category | Animal Carcass Transport Carts        |

This dead-stock transport cart is designed for short-distance farm transport and handling in pig farms. Its practical structure is intended for reliable day-to-day operation.

## Features

- Purpose-built structure for routine use as a dead-stock transport cart.
- Simple construction supports convenient installation, operation and maintenance.
- Designed for regular use in livestock-production environments.

## Advantages

- Improves day-to-day operating efficiency.
- Reduces manual workload and repetitive handling.
- Simple maintenance helps lower routine service requirements.
- No external electrical power is required for normal operation.

## Description

Suitable for routine use in pig houses, sow houses, nursery houses. Inspect the frame, wheels and load-bearing parts before use, load the unit evenly and avoid exceeding the selected model's rated capacity. Clean and disinfect the equipment after use where required.

## Technical parameters

|            |                          |
|------------|--------------------------|
| Material   | Hot-dip galvanized steel |
| Dimensions | 1950 × 550 × 820 mm      |
| Net weight | 36 kg                    |

## Packaging

Woven bag · Quantity: 1
