

Dead Animal Cart

Electricly dead pig trailer -- directed wheel

Product code	001
Specification code	00126
Primary category	Farm Transport and Handling Equipment
Secondary category	Animal Carcass Transport Carts

This dead-stock transport cart is designed for short-distance farm transport and handling in pig farms.

Features

- Electric drive supports efficient and consistent operation.
- Purpose-built structure for routine use as a dead-stock transport cart.
- Simple construction supports convenient installation, operation and maintenance.
- Designed for regular use in livestock-production environments.

Advantages

- Stable construction supports reliable routine operation.
- Flexible operation makes the product easier to use in different farm areas.
- Supports efficient day-to-day livestock management.
- Practical construction simplifies routine operation and maintenance.

Description

Suitable for short-distance farm transport and handling for pigs. Inspect the frame, wheels and load-bearing parts before use, load the unit evenly and avoid exceeding the selected model's rated capacity. Clean and disinfect the equipment after use where required.
