

Pig Handling Clamp

Aluminium alloy for pig clips.

Product code	225
Specification code	2221
Primary category	Pig Farming Equipment
Secondary category	Pig Farm Tools

This pig catching clamp is designed for short-distance farm transport and handling in pig farms, livestock farms. It uses aluminum alloy construction or components suited to routine farm use.

Features

- Material: aluminum alloy.
- Purpose-built structure for routine use as a pig catching clamp.
- Simple construction supports convenient installation, operation and maintenance.
- Designed for regular use in livestock-production environments.

Advantages

- Improves day-to-day operating efficiency.
- Reduces manual workload and repetitive handling.
- Flexible operation makes the product easier to use in different farm areas.
- Compact portability makes transport and storage easier.

Description

Suitable for routine use in pig farms. Check the product, installation points and connecting components before use. Operate according to the selected model and farm procedure, clean the equipment regularly, and replace worn parts when necessary. Final dimensions, configuration and operating limits should be confirmed against the actual ordered product.
