

Pig Loading Cage

Pork-cropped cage (plus money)

Product code	030
Specification code	0301
Primary category	Pig Farming Equipment
Secondary category	Pig Handling and Loading Equipment

This pig loading cage is designed for short-distance farm transport and handling in livestock farms, processing and slaughter areas.

Features

- Material: galvanized steel.
- Reinforced construction improves durability for routine farm use.
- Corrosion-resistant construction is suited to humid livestock environments.
- Anti-slip design improves stability during use.

Advantages

- Improves day-to-day operating efficiency.
- Simple maintenance helps lower routine service requirements.
- Stable construction supports reliable routine operation.
- Flexible operation makes the product easier to use in different farm areas.

Description

Suitable for short-distance farm transport and handling in processing and slaughter areas. Check the product, installation points and connecting components before use. Operate according to the selected model and farm procedure, clean the equipment regularly, and replace worn parts when necessary. Final dimensions, configuration and operating limits should be confirmed against the actual ordered product.
