

Feed Line Dosing Device

Equipping parts for the wiring and pharmacizers

Product code	005
Specification code	00574
Primary category	Feeding and Drinking Systems
Secondary category	Automatic Feeding Systems

This feed-line additive doser is designed for routine livestock-farm operations. Its practical structure is intended for reliable day-to-day operation.

Features

- Purpose-built structure for routine use as a feed-line additive doser.
- Simple construction supports convenient installation, operation and maintenance.
- Designed for regular use in livestock-production environments.

Advantages

- Improves day-to-day operating efficiency.
- Simple maintenance helps lower routine service requirements.
- Supports efficient day-to-day livestock management.
- Practical construction simplifies routine operation and maintenance.

Description

Suitable for routine livestock-farm operations. Install the unit securely according to the feeding-system layout and avoid overloading or blockage. Remove residual feed and inspect moving or connecting parts regularly to maintain stable operation.
