

Stainless Steel Piglet Creep Feeder

Piggy stainless steel patches 32 cm

Product code	051
Specification code	0513
Primary category	Pig Farming Equipment
Secondary category	Pig Feeding Equipment

This stainless-steel piglet creep feeder is designed for feed handling and feeding management in pig farms, nursery houses. It uses stainless steel construction or components suited to routine farm use.

Features

- Material: stainless steel.
- Corrosion-resistant construction is suited to humid livestock environments.
- The design is easy to clean and maintain.

Advantages

- Improves day-to-day operating efficiency.
- Easy cleaning supports better hygiene management.
- Simple maintenance helps lower routine service requirements.
- Suitable for routine use in commercial and large-scale livestock operations.
- Helps reduce unnecessary material or resource waste.

Description

Suitable for disinfection and hygiene management, feed handling and feeding management in pig houses. Install the unit securely according to the feeding-system layout and avoid overloading or blockage. Remove residual feed and inspect moving or connecting parts regularly to maintain stable operation.
