

Spades

Green plastic shovels

Product code	589
Specification code	3091
Primary category	Feeding and Drinking Systems
Secondary category	Feed Storage Equipment

This feed scoop is designed for livestock feeding management, feed handling and feeding management in pig farms, cattle farms, sheep farms.

Features

- Product type: feed scoop.
- Material: plastic.
- Purpose-built structure for routine use as a feed scoop.
- Simple construction supports convenient installation, operation and maintenance.

Advantages

- Improves day-to-day operating efficiency.
- Supports efficient day-to-day livestock management.
- Practical construction simplifies routine operation and maintenance.
- Suitable for regular use in commercial farm environments.

Description

Suitable for feed handling and feeding management, short-distance farm transport and handling, cleaning and sanitation work in livestock farms. Install the unit securely according to the feeding-system layout and avoid overloading or blockage. Remove residual feed and inspect moving or connecting parts regularly to maintain stable operation. Final dimensions, configuration and operating limits should be confirmed against the actual ordered product.
