

Dummy Sow Canvas Cover

Plus a thick, fake pig-stand canvas.

Product code	625
Specification code	6251
Primary category	Pig Farming Equipment
Secondary category	Pig Farm Tools

This boar-mount dummy cover is designed for artificial insemination and breeding management, semen collection procedures in pig farms, livestock farms.

Features

- Product type: boar-mount dummy cover.
- Reinforced construction improves durability for routine farm use.
- Purpose-built structure for routine use as a boar-mount dummy cover.
- Simple construction supports convenient installation, operation and maintenance.

Advantages

- Improves day-to-day operating efficiency.
- Flexible operation makes the product easier to use in different farm areas.
- Supports efficient day-to-day livestock management.
- Practical construction simplifies routine operation and maintenance.

Description

Suitable for semen collection procedures for pigs. Keep all product-contact parts clean and hygienic before use, and operate according to standard breeding or artificial-insemination procedures. Clean, disinfect or replace components as appropriate after use and store them in a clean, dry condition. Final dimensions, configuration and operating limits should be confirmed against the actual ordered product.
