

Tuobang Veterinary Ultrasound Scanner

B hyper-Swiss N20 (microcombs probe)

Product code	782
Specification code	00417
Primary category	Testing and Diagnostic Equipment
Secondary category	Veterinary Ultrasound Equipment

B hyper-Swiss N20 (microcombs probe) is designed for reliable, efficient use in livestock farms and agricultural projects.

Features

- Practical, durable construction for routine livestock-farm use.
- Configuration supports straightforward operation, cleaning and maintenance.
- Suitable for common farm workflows and equipment layouts.
- Specifications can be configured according to the selected model and project requirements.

Advantages

Helps improve operating efficiency, reduce manual workload and support consistent farm management. Its practical construction is easy to use and maintain, making it suitable for commercial farms, distributors and agricultural projects.

Description

Suitable for livestock farms and agricultural projects. Before use, confirm the selected model, installation conditions and operating requirements. Inspect and clean the product regularly and follow the supplied specifications for model-specific parameters.
