

Standard Proportional Medication Doser

Blue Nationally produced additive 0.2-2% + pre-filter

Product code	795
Specification code	01871
Primary category	Feeding and Drinking Systems
Secondary category	Water Medication Systems

Blue Nationally produced additive 0.2-2% + pre-filter is designed for reliable, efficient use in livestock farms and agricultural projects.

Features

- Practical, durable construction for routine livestock-farm use.
- Configuration supports straightforward operation, cleaning and maintenance.
- Suitable for common farm workflows and equipment layouts.
- Specifications can be configured according to the selected model and project requirements.

Advantages

Helps improve operating efficiency, reduce manual workload and support consistent farm management. Its practical construction is easy to use and maintain, making it suitable for commercial farms, distributors and agricultural projects.

Description

Suitable for livestock farms and agricultural projects. Before use, confirm the selected model, installation conditions and operating requirements. Inspect and clean the product regularly and follow the supplied specifications for model-specific parameters.
