

Pig Snare

Plastic hogs.

Product code	833
Specification code	12010
Primary category	Pig Farming Equipment
Secondary category	Pig Farm Tools

This pig snare is designed for short-distance farm transport and handling, animal restraint and handling in pig farms. It uses plastic construction or components suited to routine farm use.

Features

- Material: plastic.
- Adjustable settings allow the unit to suit different operating requirements.
- Corrosion-resistant construction is suited to humid livestock environments.

Advantages

- Simple maintenance helps lower routine service requirements.
- Flexible operation makes the product easier to use in different farm areas.
- Compact portability makes transport and storage easier.

Description

Suitable for short-distance farm transport and handling, animal restraint and handling for pigs. Check the product, installation points and connecting components before use. Operate according to the selected model and farm procedure, clean the equipment regularly, and replace worn parts when necessary. Final dimensions, configuration and operating limits should be confirmed against the actual ordered product.
