| Specification code | 02316                 |
| Primary category   | Pig Farming Equipment |
| Secondary category | Pig Feeding Equipment |

This plastic piglet feeder is designed for livestock feeding management in pig farms, pig houses, nursery houses. It uses plastic construction or components suited to routine farm use.

### Features

- Dimensions: 32×33cm.
- Material: plastic.
- Wall-mounted installation saves floor space.
- Reinforced construction improves durability for routine farm use.
- Corrosion-resistant construction is suited to humid livestock environments.

### Advantages

- Improves day-to-day operating efficiency.
- Reduces manual workload and repetitive handling.
- Easy cleaning supports better hygiene management.

### Description

Suitable for feed handling and feeding management in nursery houses. Install the unit securely according to the feeding-system layout and avoid overloading or blockage. Remove residual feed and inspect moving or connecting parts regularly to maintain stable operation.
