

Placa de Eletron Porco

Plastic fraction incubator + stainless steel electrotherboard

Conteúdo em inglês

Código do produto	159
Código da especificação	1595
Categoria principal	Equipamentos de controle ambiental
Subcategoria	Equipamentos de aquecimento e isolamento

This piglet heating plate is designed for young-animal warming and thermal management in pig farms, nursery houses. It uses stainless steel construction or components suited to routine farm use.

Características

- Material: stainless steel.
- Corrosion-resistant construction is suited to humid livestock environments.
- Purpose-built structure for routine use as a piglet heating plate.
- Simple construction supports convenient installation, operation and maintenance.

Vantagens

- Improves day-to-day operating efficiency.
- Supports efficient day-to-day livestock management.
- Practical construction simplifies routine operation and maintenance.
- Suitable for regular use in commercial farm environments.

Descrição

Suitable for young-animal warming and thermal management in pig farms. Confirm that the power supply and environmental conditions match the selected model before use. Keep electrical parts dry, maintain adequate ventilation around the equipment, and inspect the unit regularly.
